What Educators Need To Know

A positive school climate exists when all students feel comfortable, wanted, valued, accepted, and secure in an environment where they can interact with caring people they trust.

A positive school climate affects everyone associated with the school – students, staff, parents, and the community. It is the belief system or culture that underlies the day-to-day operation of a school.

Join us for a one day conference to discuss School Climate

Topics to be covered include:

- Teaching Healthy Relationship Skills
- Developing Healthy School Communities
- Emotional Intelligence
- Social Networking Safety

Keynote Presentation

Dr. Debbie Pushor
The University of Saskatchewan

In Association With

SPEAKERS
